

We envision a world where everyone has access to quality care. This year, we worked relentlessly with community to build that vision into existence.

We built a network of community health advocates.

- 30** Partnerships forged
- 10** Community Care Specialists onboarded
- 300** Partner staff trained to administer tests
- 16** Community ambassadors trained to navigate the pandemic

This network reached San Francisco's most divested community members.

RACE/ETHNIC BREAKDOWN

AGE BREAKDOWN

0-11 yrs	26%
12-19 yrs	21%
20-29 yrs	9%
30-39 yrs	14%
40-49 yrs	14%
50+ yrs	15%

TOP NEIGHBORHOODS REACHED

- 94124** Bayview/Hunters Point
- 94112** Ingelside-Excelsior/Crocker-Amazon
- 94110** Inner Mission/Bernal Heights
- 94134** Visitacion Valley/Sunnydale
- 94102** Hayes Valley/Tenderloin/North of Market

Together, we increased awareness, strengthened self-sufficiency, and built sustainable systems of wellness.

- 83,000+** Tests administered
- 19,800+** Individuals tested
- 2,906** Positive tests identified
- 34,872** Chains of positive transmission cut

And we expanded our scope to build out a care ecosystem.
